“(Bushel Plus) system is a great boon to my farm, as it not only saves me time, but also money in the long run”
Ian Coleman (Farmer, Katanning)

“With this easy monitoring system we are able to keep our losses very low. For our program alone (it) equates to about \$32,000 a year in potential savings”
Scott Angwin (Farmer, Wagin)

“I can confirm this thing (Bushel Plus) is gold. It is the difference between harvest loss measurements being taken or not”
Peter Newman (Agronomist, Planfarm Project)
